Start Fresh *With An Orthodontic Reset*

Renaissance works hard to provide unprecedented levels of service and satisfaction for your clients, including developing unique solutions like our Orthodontic Maximum Reset which allows your clients to continue enjoying the many benefits of maintaining a healthy smile.

Here's How It Works:

When a group employer selects Renaissance, members will receive the benefits of a fresh start with a *New Orthodontic Maximum*.*

If a new orthodontia claim is submitted the full maximum is available and coverage is processed normally—even if they had orthodontic treatment in the past!

If orthodontia treatment is in process, the full maximum is still available, but the plan will pay either the remaining treatment months or the remaining maximum, whichever comes first.

The *Orthodontic Reset* helps ensure members get the coverage they need, regardless of the coverage they have received from a previous carrier.

Example Savings				
Let's say Renaissance receives an orthodontia in process claim with 5 months of remaining payments:				
• Total bill of \$6,000	• Initial fee (30%): \$1,800	• Balance of \$4,200		
We will process the claim as a standard orthodontia claim and consider the remaining <u>5 months</u> of payments. The balance (\$4,200) is divided by the total treatment months (25) for a monthly fee:				
$\$4,200 \div 25 = \168				
The plan then pays its percentage of the claim each month:				
Monthly Fee	Orthodontic Plan Coverage (50%)	Renaissance Payment/Month	Remaining Months	Renaissance Payment
\$168	x 0.5	= \$84	x 5	= <u>\$420</u>

The best part? Because of the Orthodontic Reset, the member still has \$1,080 available from the \$1,500 lifetime maximum if additional orthodontic treatment is needed!

Learn How Your Clients Can Start Fresh By Contacting Your Local Renaissance Sales Representative Or Call 888-358-9484

*Subscribers who were previously enrolled in a Renaissance group dental plan will have any orthodontic coverage counted as part of their lifetime maximum from any prior plan coverage that was previously administered through Renaissance.
