## Your Most Valuable Asset: *Employees With Good Health*

When asked what the most important assets are to a company, most executives will say: our employees. We couldn't agree more, which is why it's important to provide them with benefits that help keep them healthy. Combining quality dental, vision, and life and disability products gives your employees peace-of-mind coverage while helping them live a healthy lifestyle.

### *Protect Your Employees:*

Dentists are disease detectives and can detect over 120 signs and symptoms of non-dental disease, such as diabetes and heart disease, through a routine examination.<sup>1</sup>

Our partnership with VSP provides vision coverage that helps keep employees healthy. VSP vision providers can be the first to detect signs of serious and costly chronic conditions like diabetes, hypertension, and high cholesterol.<sup>2</sup>

Peace-of-mind life and disability plan options through Renaissance give employees and their families the coverage they need when the unexpected happens.

### Renaissance plans *Provide:*

**Widespread Access:** Nationwide dental and vision networks so that employees can find a quality provider anywhere in the country.

**Exceptional Vision Plans:** Our vision plans bundle perfectly with our other ancillary products to give employees a complete solution.

**Quality Life & Disability Products:** Life and Disability plans provide value and financial security for your employees when the unexpected happens.

**Excellent Customer Service:** Our dedicated customer service representatives are available to address any questions.

**Online Portals:** Our portals make administering and using benefits easy. Members can find a participating dentist, check benefit amounts, print ID cards, and much more.

Renaissance provides quality ancillary coverage to complete your benefits package and help keep your employees healthy.
